

GROWING FAITH PROJECT

Growing Faith is designed to support the journey of faith all of us – Catholics – are making together. These sessions provide the entire spectrum of Catholic teaching as presented in the official catechism of the Church, but it does so in plain, poetic language that lifts the heart and soul.

Growing Faith Theme Set explores the same teachings as those found in the unit themes of **Call to Faith K-6** religion program. Catechetical themes include:
**Revelation / Trinity / Jesus Christ / The Church / Morality
/ Sacraments / The Kingdom of God.**

Growing Faith is a systematic and comprehensive presentation of the Catholic faith.

Each component booklet opens up one important dimension of our faith. Every new insight about your faith, every reflection that stays in your mind afterward, each line of the text or memory of the artwork, is a gift.

To know Christ is to know the church. Because of this, studying our faith is one of the ways we come to know Christ better.

I promise you that you will find beauty and deep meaning of our faith expressed in down-to-earth language, with illustrations that touch the heart.

Together, you will grow even more firmly to believe and understand your faith.

Catechists, please consider attending at least one of the GROWING FAITH sessions!

Place: 3rd Floor of the Faith Center
